Step 5 - Live view your cube!

The screenshot shows the Shopify admin interface. On the left is a sidebar with a 'Home page' section containing 'Add block', 'Vrrrt Cube - Heading', and 'Image banner'. Below that are 'Vrrrt Cube' blocks and a 'Section heading' section with 'Eyebrow' and 'Heading' options. At the bottom of the sidebar is 'Layout width' (set to 'Theme content width') and 'Desktop block height' (set to 760 px). The main content area shows a live view of a website with a navigation menu: 'Vrrrt', 'Home', 'New', 'Dresses', 'Tops', 'Bottoms', 'Jackets', 'Swimwear', 'Catalog', 'Contact'. Below the navigation is a 'Vrrrt Cube' section with the heading 'EYEBROW Heading'. The cube displays a grid of clothing items. A context menu is open over the cube, listing options: 'Edit code', 'Edit default theme content', 'View', 'View documentation', 'Keyboard shortcuts', and 'Get support'. A dark speech bubble with green text is overlaid on the cube, stating: 'Live view your cube so that the tracking can start'. At the bottom of the cube, there is an 'Ask for changes' button and icons for adding, deleting, and undoing.

Step 6 - Refresh Admin - Confirm and turn on tracking
